FOREWORD

I have great pleasure in writing this foreword for the volumes XXVI-XXXII of New Catalogus Catalogorum, which has earned international name and acclaim.

Sanskrit Language has been a central point for discussion for Science, Art, Architecture and Philosophy for several centuries in Indian as well as in other Cultures. It has penetrated through the width and breadth of the whole world. It is learnt for its logical approach to study the nature and its relation with man.

India is proud to have the largest number of Manuscripts of Sanskrit, Pali and Prakrit available in different scripts written in various subjects. The content of those is either science or Art. It bridges the gap between the past and the present.

A humble effort was initiated by our great University way back in 1935 to document these valuable treasures of Indian literary heritage in the form of New Catalogus Catalogorum (NCC), which is unique in its nature.

In the foreword to the 2nd Volume of NCC, our most illustrious the then Vice-Chancellor Dr. A. L. Mudaliar had aptly recognised the importance and significance of this work. To quote him: "It is hardly necessary for me to say that the work is a magnum opus and the University will indeed be proud of this publication, when it is issued finally."

I feel proud to be acquainted with this mega project, since it is revived from 2000 onwards by Prof. Siniruddha Dash who is striving hard to carry out the work against several odds to complete this eight decades old project.

I am also hopeful that the dedicated team of scholars working in NCC Project under the dynamic leadership of Prof. Siniruddha Dash, Head of the Department of Sanskrit & Director and Editor-in Chief of the Project and currently Director of Oriental Research Institute (O.R.I.), will certainly complete the remaining eight volumes shortly. I am aware of the International importance of this mega project. It is my hope that the wishes of Indologists of the world will be realized soon with the support of Government of India and Tamil Nadu.

PREFACE

The volume XXXII starts with the entry Vaidya Narasiṃhasena and ends with *Śaṅkarācāryotpatti*. It deals mostly with works on Philosophical traditions referring to *Vaiśeṣika* and *Vaiṣṇava* schools. Particularly with respect to *Vaiṣṇava* School, voluminous works have been produced representing various aspects of Vaiṣṇavism. Starting from Vaiṣṇava Ācārya, it covers *Vaiṣṇavasiddhānta*, *Vaiṣṇvasmṛti* and its related works. Among the Śākta works *Vaiṣṇavī* has been referred to a great extent. Authors like Vopadeva and Vyaṅkaṭeśa have contributed a lot to the Sanskrit Literature. Works on *Vyātīpāta* has also been dealt thoroughly. Dharma works on *Vyavahāra* also find a place in this volume.

Grammatical works in general like *Vyākaraṇa* and its different works are some of the interesting entries found in this volume. *Nyāya* work of great importance like *Vyāpti* along with all related works are noted. The father and founder of Sanskrit Language known as Vyāsa is amply enlisted with all the works written in his name. It is difficult to say whether he himself has written all or many are ascribed to him because of his fame. Most of the works of Vyāsa are said to have been spoken by him (*Vyāsaprokta*). Other most notable discipline in Sanskrit tradition is *Vrata* literature. Titles beginning with *Vrata* only are enlisted here such as: *Vratakalikā*, *Vratacandrikā* etc.

Kiraṇāvalī is a commentary on *Padārthadharmasaṅgraha* (an exposition on *Vaiśeṣikasūtra*) of Praśastapāda. *Kiraṇāvalīprakāśikā* is a Cc. on the above by Vardhamāna. Neither *Padārthadharmasaṅgraha* nor *Praśastapādabhāṣya* give any indication of *Kiraṇāvalīprakāśa*. There is just a hint in *Kiraṇāvalī* of Udayana. Since the present volume deals with *Vaiśeṣikasūtra*, it was a big question, whether to add those entries like *Kiraṇāvalī* of Udayana and all commentaries under it (*Vaiśeṣikasūtra*) or not. Maximum care is taken to enter these references under *Vaiśeṣikasūtra*.

The entries of Śaṅkara and Śaṅkarācārya are noteworthy. The entries of Śaṅkara are presented with different identity; the entries of Śaṅkarācārya are presented based on works. There are number of works found in the name of Śaṅkarācārya, but the identity of these works is most obscure. It is difficult to know how many Śaṅkarācāryas wrote the works.

We have tried first to enlist the works of Ādi Śaṅkara based on the works listed in the three published volumes: 1. Śrīśaṅkara Granthāvalī of Rajapalayam edition, 2002. 2. Śrīśaṅkara Granthāvalī (Eight volumes) Samata Books, Madras, revised edn., 1983 and 3. The Complete Works of Śrīśaṅkarācārya, (Five volumes) by Sree Sankaracharya University of Sanskrit, Kalady, Kerala, 2013. However unspecified works are entered separately as ascribed to Śaṅkarācārya.

I take this opportunity to thank the University of Madras especially our beloved Vice-Chancellor, because of whose keen interest this volume could be published. My special thanks are due to the Registrar, University of Madras for his timely advice and suggestions in completion of this herculean task.

I am thankful to the Director of Publication and his staff for making it possible to publish this volume. Needless to say it is the National Mission for Manuscripts (NMM), Ministry of Culture, Government of India, which facilitated the financial support to complete the work and also University Grants Commission (UGC) for its support for publication.

I offer heartfelt thanks to my friends and scholars, interested in this work, for their continuous moral support.

Last but not the least I express my thanks to the staff both teaching and non-teaching of the Dept. of Sanskrit and also of the O. R. I. (Marina) and Main campus office of the University for their kind co-operation and necessary help.

I have no words to thank my team of scholars who are working in the NCC Project under NMM grants who have given their best for this noble work.
